

Instructions for Completion

This Excel workbook was developed to serve as a template for providing the data required by Implementing Regulation (IR) C-26 D "Student Admissions, Outcomes, and Other Data" in a clear and consistent format. There are five additional worksheets in this file, each composed of tables required for each of the outcomes in the IR. These tables have been copied directly from the most recent version of the IR, approved by the Commission on Accreditation in April 2016. **Deadline to post data: October 1**

To complete each table, simply enter the appropriate figures in each of the blank cells. Any table that includes percentages will have these figures automatically calculated based on the raw data that is entered. Once you complete all of your data entry, you can: export the tables as a PDF, save each separate table as an image, or have your web designers recreate them in the format that they require. It is critical that you keep the row and column labels exactly as they appear in these tables. Your program will be considered out of compliance with the IR if they are not consistent with this document.

Please note that some of the worksheets have conditional formatting. If you enter numbers that will cause the percentages in a table to exceed 100%, the appropriate cells will turn red. This indicates that the raw data you've entered is incorrect. Some cells also have data validation enabled, which may cause hover text to appear. Click into a different cell and this text will disappear.

More complete information on what to include in the tables is provided in the full text of the IR, found [here](#). Please review the IR and its requirements before utilizing this template. If you have any questions about the format or content of this IR, please feel free to contact the APA Office of Program Consultation and Accreditation at (202) 336-5979 or at apaaccred@apa.org.

Thank you for your continued support of accreditation!

Also, please describe or provide a link to program admissions policies that allow students to enter with credit for prior graduate work, and the expected implications for time to completion. Please indicate NA if not applicable:

Doctoral students who received a master's degree prior to admittance into the program may be exempt from all or part of the cognate requirement. Doctoral students who enter the program as certified school psychologists (i.e., advanced standing) are required to complete all program requirements including a full year of doctoral internship. In some cases, the doctoral student may be exempted from a program requirement by demonstrating competence in the areas covered by the requirement. Typically, even with exemptions, time to completion is not affected.

Program Costs

Description	2022-2023 1st-Year Cohort Cost
Tuition for full-time students (in-state)	\$37,440
Tuition for full-time students (out-of-state)	\$37,440
Tuition per credit hour for part-time students <i>(if applicable enter amount; if not applicable enter "NA")</i>	\$1,560
University/institution fees or costs	\$382 per semester
Additional estimated fees or costs to students (e.g., books, travel, etc.)	\$4,000

Tuition for both full-time and part-time students is based on credit hours rather than a set tuition per semester. Graduate assistantships equivalent to two courses per semester are available to first year doctoral students who meet minimum GPA requirements. Additional graduate assistantship and scholarship information is available from the GSE Admissions Office.

Health Insurance is available for approximately \$3900 per year.
